

Children's Education Society (Regd.)

The Oxford College of Science, Arts, Commerce & Management

Accredited by NAAC with A* GRADE in cycle III

Recognized by the Govt. of Karnataka, Permanently affiliated to Bangalore University
& Approved by AICTE, New Delhi, Recognized by UGC under section 2(f) & 12 (B)

Supported by DST GoI under FIST program, Supported by DBT GoI under DBT-STAR College

DEPARTMENT OF CHEMISTRY

SL.NO	DETAILS OF THE EVENT	
1.	Title of The Event	Exhibition
2	Day and Date	06/03/2026
3	Venue	Chemistry Lab
4	Organizing Secretary/ Co- Coordinators	Dr. Priya Kumari Paul Assistant Professors Department of Chemistry The Oxford College of Science
5	Participants	I-year B.Sc., students
6	No of participant	13 students

During the exhibition

During the exhibition

A Chemistry **Exhibition & Model fair** was organized by the **Department of Chemistry** to encourage creativity, scientific thinking, and practical knowledge among undergraduate students. The exhibition aimed to provide a platform for students to demonstrate their understanding of chemical concepts through experiments, and projects. Some interesting experiments such as **chemistry behind the fire crackers, corrosion of iron nails, redox reaction and chemistry behind the iron** attracted the attention of visitors. These experiments helped explain scientific principles like oxidation–reduction reactions, anodic and cathodic indicator reaction, and role of hydrogen bonding in keratin treatment for hair in an interactive way. Such exhibitions help develop scientific awareness and promote interest in research and innovation. First year undergraduate students actively participated and presented a variety of chemical experiments. Students confidently explained the working principle and applications of their projects to visitors & faculty members. The exhibition not only enhanced students' communication and presentation skills but also encouraged teamwork and creativity. In conclusion, the Chemistry Exhibition was a successful and informative event. It provided a valuable learning experience for the students and the role of chemicals in their everyday life.
