

The Oxford College of Science

Accredited by NAAC with A+ grade in cycle III

Recognized by the Govt. of Karnataka; Permanently affiliated to Bangalore University & Approved by AICTE, New Delhi
Recognized by UGC under section 2(f) & 12(B); Recognized by GoK for BISEP (formerly BTFS)
Supported by DST GoI under FIST program, Supported by DBT GoI under DBT-STAR College

DEPARTMENT OF ELECTRONICS Educational Visit

SL.NO	DETAILS OF THE EVENT	
1.	Title Of The Event	Educational Visit
2	Day and Date	Thursday, 21 st February 2026
3	Venue	Indian Institute of AstroPhysicscs
4	Co-Coordinator	Ms Gaganashree B, Ms Bhavyashree, Mr Abhishek
5	Participants	B.Sc Physical Science Students
6	No of students and staff present	67 students, 3 staff

The Department of Electronics organized an educational visit to the Indian Institute of Astrophysics on 21st February for all the Physical Science students. The primary objective of the visit was to provide practical exposure to advanced research in astronomy, astrophysics, and instrumentation. The students were warmly welcomed by the institute's research scholars and faculty members. The experts explained the significance of observational astronomy and the development of modern telescopes. Students were introduced to various laboratory facilities and advanced electronic instrumentation used in astronomical research. They observed how electronic circuits and embedded systems are integrated into astronomical instruments. The visit helped students understand the practical applications of semiconductor devices, sensors, and signal processing techniques in space research. The interaction session was highly informative and inspired many students to consider research-oriented careers. The visit bridged the gap between classroom learning and real-world scientific applications. It enhanced the students' knowledge of how electronics plays a vital role in space observation and research.
