SL.NO	DETAILS OF THE EVENT	
1.	Title Of the Event	Workshop on Power BI
2	Day and Date	29/01/2026
3	Venue	108 lab
4	Co-Coordinator	Ms. Meghana C and Shubhashree D M
5	Participants	Students and Faculty Members
6	No of Students present	26 Students

Resource Person: Meghana C and Shubhashree D M

Objective of the Event:

Department of Computer Science and Applications organized a Workshop on Power BI dated on 29 January 2026 at the 108 Lab. The programme was coordinated by Ms. Meghana C and Ms. Shubhashree D M. The event was attended by 26 students and 13 faculty members, actively participating in the programme. The objective of the workshop was to provide participants with a clear understanding of Microsoft Power BI and its significance in business intelligence and data analytics. The session focused on connecting multiple data sources, data cleaning and transformation, and creating interactive reports and dashboards. Participants were introduced to data modeling techniques and the use of visual elements to represent data effectively. The programme emphasized the importance of data-driven decision making in academic and professional environments. Practical demonstrations and examples helped participants understand real-time applications of Power BI across different domains. The workshop also encouraged participants to develop analytical thinking and explore advanced features of Power BI for future projects. Overall, the workshop was informative and well received by the participants. The event successfully enhanced awareness about modern data visualization tools and their role in improving data analysis and reporting skills.
