OF MICROBIOLOGY

## DEPARTMENT OF MICROBIOLOGY THE OXFORD COLLEGE OF SCIENCE

HSR Layout, Bangalore

Presents

### SYMPOSIUM

On

## INDUSTRIAL COMPLIANCE AND FOOD SAFETY REGULATIONS

23rd September 2023

## ABOUT THE COLLEGE

The Oxford College of Science established in 1994 has registered an astounding and phenomenal growth, catering education to more than 2500 students every year. With an intensely competitive environment, the college has adopted a dynamic, global, high quality, creative and communicative approach in education, as well as research and development. Keeping abreast with modern developments, the institution is constantly reinventing itself. The Oxford College of Science is located in HSR Layout, in a sprawling campus with a 6-storeyed building. The College offers 10 combinations of the B.Sc. programme; B.Sc.-Fashion and Apparel Design and BCA; 10 M.Sc programmes, MCA, MA (English); PG Diploma in Cellular and Molecular Diagnostics. The College is recipient of grants like FIST and WoS-A from DST (GoI), MRP from UGC, New Delhi, CISEE, K-FIST, SMYSR and SPiCE (Student projects) from VGST, Department of IT, BT, S&T, (GoK), BiSEP (Formerly BTFS), from K-Tech (GoK). The college aims for holistic development of students and designs various co-curricular activities, skill development and industry focussed programs.

## ABOUT THE OXFORD SOCIETY OF MICROBIOLOGY

The Oxford Society of Microbiology (OSM) was established in 2005 and since its inception, the society has been working diligently in various aspects to enhance the exposure and experience for the students of the Department of Microbiology. These include guest lectures, symposium, workshop, campaigns, projects, industrial visits among various other co-curricular and extra-curricular activities. The society also conducts placement programmes for the benefit of the students. The OSM publishes the annual Jeevasparsha magazine that highlights the departmental activities and achievements of the faculty and students of the Department of Microbiology. All the members of the society and the board work together towards successfully organizing all activities of the society.

## ABOUT THE SYMPOSIUM

For efficient functioning of various industries, including the food industry, there are a few pillars of support that are required along with the core technology. These include adherence to good manufacturing practices (GMP), compliance to laws and rules in the area (e.g. intellectual property rights) and quality assurance to ensure safety of the product. This symposium is being organized by the OSM to familiarize the participants with these aspects of industrial functioning through a series of lectures by experts in the field. The symposium will also include a fun and engaging video screening followed by a quiz related to the theme of the symposium.

## REGISTRATION

Registration deadline: **12th September 2023**

Registration Fees: 500/- (for faculty)  
350/- (for students)

Payment to be made in favour of:

**THE OXFORD SOCIETY OF MICROBIOLOGY**  
Bank of Baroda (HSR Layout Branch)  
Acc No: **89600100002772**  
IFSC Code: **BARB0VJHSRL**

For any queries, contact: **+91-8317335861/+91-8971268572**
