

## DEPARTMENT OF MICROBIOLOGY

### WORKSHOP

#### *Deciphering Bacteria: Biochemical Identification Techniques*

The Department of Microbiology organized a workshop for 3 days from February 17<sup>th</sup>, titled "Deciphering Bacteria: Biochemical Identification Techniques" by Dr. Payel Sarkar, Assistant Professor of Department of Microbiology and Associate Dean-R&D and Dr. Maria Sheeba Nazareth, Assistant Professor of Department of Microbiology. The event was organized for first year postgraduate students of Microbiology for bridging theoretical knowledge with practical skills in microbiology. The aim of the workshop is to equip students with hands-on experience in performing and interpreting key biochemical assays used in clinical diagnostics, food safety, and other areas of industrial and applied microbiology.
