The Oxford College of Science

Number of students Participated: 25

The Department of Chemistry organized a workshop on "Lab Safety and Etiquette" for M.Sc. students, and the resource person was Dr. Sruthi Rajasekaran. The session covered essential lab safety practices, including the use of PPE, emergency procedures, and proper waste disposal. Students also learned about professional behavior, accurate record-keeping, and the importance of clear communication in the lab. The workshop emphasized environmentally friendly practices, encouraging waste reduction and the use of greener chemicals. A total of 25 students participated, gaining valuable insights into maintaining a safe and responsible research environment.
