
The Oxford College of Science

(Department of Computer Science and Applications)

"I completed my BCA at Oxford in 2024, and it was a great learning experience. The university provided excellent faculty, a strong curriculum, and access to the latest technology. I gained valuable skills in programming, software development, and IT, which prepared me well for my career. Through the campus placement program, I got placed at Accenture, which was a major milestone for me. Studying at Oxford gave me the knowledge and confidence to grow in the tech field".
